Subject Re: Fw: SAB FR notice requesting nominations of experts to serve on the stream and wetland connectivity panel

FYI.... In a meeting yesterday, O'Hara was talking about release of the FRN at the end of February. I was happy to see Travis suggest another date. It will take a bit to get through all the hands on the third floor. O'Hara just broadened the distribution of my last email.

Hi Travis and Jeff,

Why do we have to wait so long for this FRN? That adds almost a month to the whole process (Remember, the total time needed to complete the SAB cycle is 11-12 months, from posting this FRN to receiving final SAB comments)
